How To Censor Video Games In Five Easy Steps

Step 1: Take offense to a joke about a lady's man who commits suicide after ruining his reputation by sleeping with someone by mistake

Step 2: Demand developers censor what offends you

Step 3: Not enough followers? Bring in the big guns!

Step 4: Not enough moral outrage on your side? Lie. Now a joke about a man committing suicide is a joke about a trans woman being murdered

Who said the joke was about a trans person?

Step 5: Mission accomplished

This is called a "Chilling Effect"

Bonus Round: Conflate the joke with real murder of human beings to seize the moral high ground!

WHO said the joke was about a trans person?

Oh that's right. YOU DID.
